SUBJECT: CERCLA OFF-SITE RULE: ENVIRONMENTAL PROTECTION AGENCY (EPA) REGIONAL
OFF-SITE CONTACTS--ADDENDUM

TO: Distribution

**PURPOSE
OF THIS
MEMO** To notify Program Offices and Field Organizations of the availability of updated information on EPA Regional Off-Site Contacts (ROCs). This updated listing of the ten ROCs and EPA Headquarters contact serves as an addendum to the DOE environmental guidance Regulatory Bulletin *"Transporting CERCLA Wastes Off-Site; Final Off-Site Rule,"* December 1994, and the Information Brief "The Off-Site Rule," March 1994 .

**USE OF
ADDENDUM** The Regulatory Bulletin, Information Brief and the updated ROCs list are directed to DOE and DOE contractor personnel responsible for fulfilling the Off-Site Rule requirements under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). The purpose of the Off-Site Rule is to prevent wastes generated from remedial activities conducted under CERCLA from contributing to present or future environmental problems at off-site waste management facilities that receive them. As such, the Off-Site Rule requires that off-site facilities receiving CERCLA wastes meet established acceptability criteria.

**ADDENDUM
ACCESS** The addendum is available for viewing/downloading via the INTERNET on the Office of Policy and Assistance (EH-41) World Wide Website at <http://www.eh.doe.gov/oepa/> under the "Policy and Guidance" section. The referenced Regulatory Bulletin and Information Brief are also available in this section of the Website.

CONTACT Questions regarding the referenced environmental guidance, in particular, or the Off-Site Rule, in general, may be directed to Beverly Whitehead of my staff by ...
